WEATHER

Unsettled, showers tonight and high ranges Sunday; little change in temperature.

VOLUME XLVII — PLACERVILLE, EL DORADO COUNTY, CALIFORNIA, SATURDAY, OCTOBER 2, 1937 — NUMBER 230

172,000 VISIT LOCAL FOREST

Report For Fiscal Year Shows Greater Use For Recreation Than Ever Before, Says Show

"Outdoor recreation in the national forests of California is in greater demand today than ever before," according to statement of Federal Forester S. B. Show, chief of the California Region, U. S. Forest Service. Travel figures to the eighteenth national forests of the state for the fiscal year ending June 30, 1937, showed a total of 4,217,000 individual visits to these great mountain playgrounds, an increase of more than 400,000 over the previous record during 1932-33, Show said. He added that this year's figure includes repeated counts of many visitors who returned to the mountains on several occasions.

The four national forests in Southern California accounted for more than two and one-half million visitors; the Angeles leading with a total of one million, followed by the San Bernardino with 773,000 visitors, Cleveland 207,000 and Los Padres 121,000.

The most popular recreation area in Northern California was the Tahoe National Forest with 359,000 visitors, followed by the Sierra with 178,000, Eldorado 172,000, Sequoia 153,000, and Shasta 145,000.

Classification of all visitors to the national forests of the California region showed nearly two million picknickers, a million campers, 675,000 hotel and resort guests and 450,000 summer home permittees and their families and friends.

Fishing was the most popular outdoor sport and accounted for 610,000 visitors. Winter sports was a close second with 545,000 enthusiasts, and hunters numbered 330,000.

The above figures are for actual users of the national forests only, and do not include the large number of people who travel through these mountain reservations on business or to enjoy the scenery.

The record travel for the year was on the Labor Day week-end in the Angeles and San Bernardino National Forests, where a total of 267,000 visitors were checked into these great mountain playgrounds.

The forest service is now making a comprehensive survey of the recreational resources of the national forests in region five, which includes the State of California and southwestern Nevada. The data being collected in the field includes the classification of all lands within national forest boundaries from the standpoints of recreational use and possibilities, and an inventory of recreational developments, including estimated costs for construction and maintenance. Estimates also will be made in the carrying capacity of all existing and proposed developments for human use, and the whole incorporated into a comprehensive report on forest recreation.

Japs Seek To Split China

Strategy Is To Divide Nation Into Two Parts With Strong Line Along Yellow River

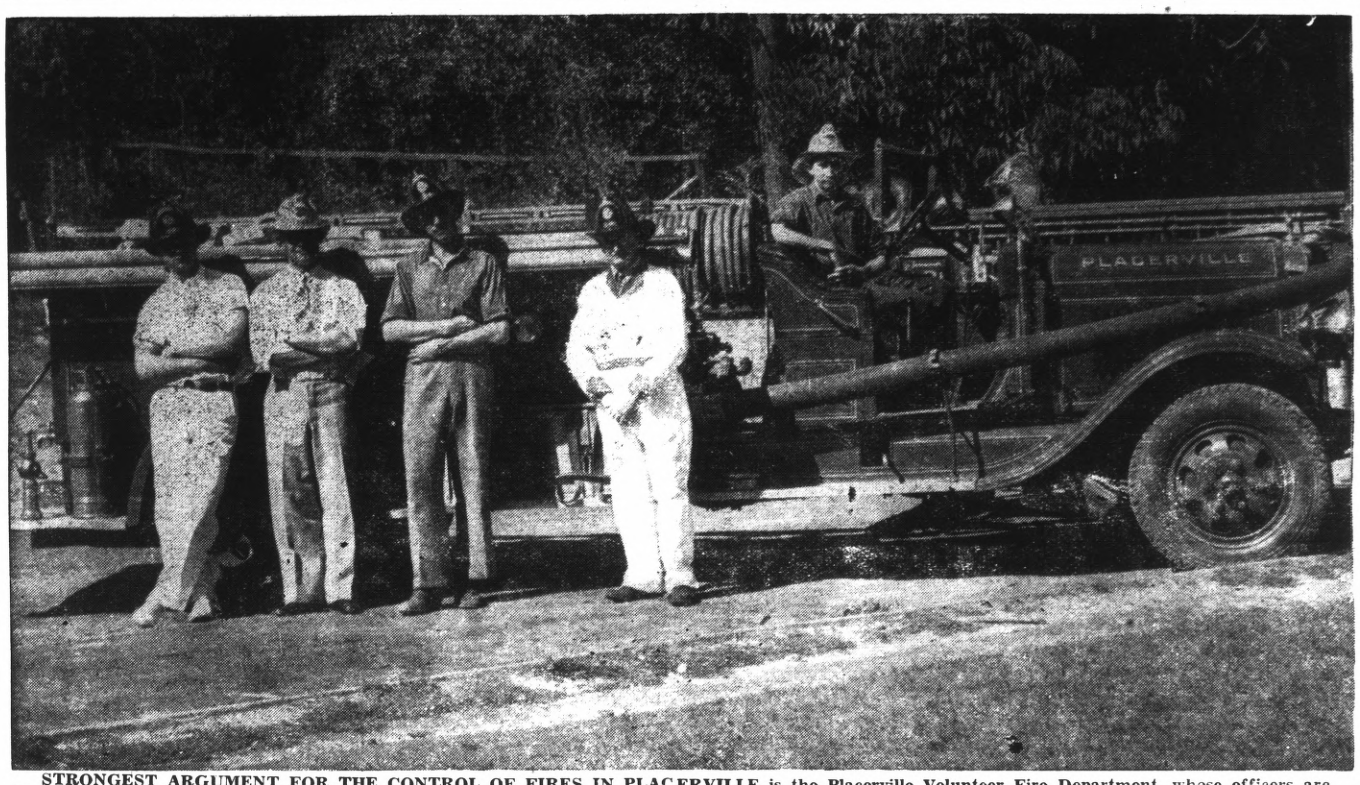

By JACK BELDEN
United Press Staff Correspondent

NANKING, (Copyright, 1937, By the United Press)—Japanese troops are trying to effect a landing at Haichow, on the Chinese coast, in an effort to form a strong line along the Yellow River and cut China in two.

Japanese armies are advancing with astonishing swiftness down the Peiping-Hankow and Tientsin-Pukow railroads.

Now the plan is to land a third army on the central coast and drive inland to join the Tientsin-Pukow army and form the Yellow River line. This would give Japan rich Shantung province, a buffer between the northern and Shanghai fronts and if the juncture were effected would cut off all Chinese troops between the Tientsin-Pukow railroad and the sea.

Birth of a son, Paul Robert Thomas, to Mr. and Mrs. Paul Revere Thomas of the Forebay, on October 1, was of record in a certificate filed Saturday with Recorder Charles Marsh.

STRONGEST ARGUMENT FOR THE CONTROL OF FIRES IN PLACERVILLE is the Placerville Volunteer Fire Department, whose officers are pictured here with one of the two trucks of the department, housed at the fire station on Sacramento Street. Fire Chief Mark Tetrault is in the seat and beside the truck, left to right, are Frank Fausel, captain; William Henningsen, first assistant chief; Myron Miller, second assistant chief; and William Heuston, foreman. Secretary Ellis Vennewitz was unable to be present when the picture was taken. Democrat staff photo and engraving.

Sky Torpedoes Trap Bombers

British Inventor Perfects Device To Suspend "Mines" As Defense In Air

SWANSEA, Eng. (UP)—Behind an electrified iron fence guarded by a notice which warns "Keep Out," a lonely building set amid a thousand acres of desolate Welsh mountain-land, houses a remarkable invention which, it is said, can make Great Britain safe from aerial attack.

It is a rocket aerial torpedo which discharges parachutes bearing steel wires, to the ends of which bombs are attached. The aim of the invention is to lay an "aerial minefield" for raiding aircraft.

Full details of the device have been revealed by the inventor, Harry Grindell-Matthews. He believes that the use of anti-aircraft guns will be futile against the bombing machines of the future that will choose their own time, fly in cloud-layers high above the earth, and use instruments to tell them the position of their objective.

To counter this, he has invented a rocket or aerial-torpedo which, using a special fuel, will attain an altitude of 32,000 feet in a few seconds. At this height the rocket will discharge 20 or more parachutes to which timed bombs are attached by high-tensile steel wires.

CHECK SUSPECT NABBED AT SACRAMENTO ON SATURDAY

Sheriff George M. Smith and Deputy William Bathurst were at Sacramento Saturday morning to return to this county T. E. Williams, sought for several days on bad check charges.

A complaint on which the warrant of arrest was based charges that Williams issued two checks to L. T. Butts, one in the amount of $40 and another in the amount of $15 and that when the checks were presented for payment, his account was found to have been closed.

Termination Of Mine Lease Is Sought

Suit was filed Saturday in Superior Court by Everett F. Coleridge and Katherine M. Coleridge against Edwin G. Forbes and others doing business as the Forbes-Baxter Mining Company, seeking to terminate a mining lease and agreement entered into for ten years dating from 1936.

Grass Valley Man Found Murdered

GRASS VALLEY (UP)—Theodore T. Short, 65, was killed here last night by blows of a club wielded by an assailant who was sought today by sheriff's deputies on a murder charge.

Short's body was found outstretched on a bed in his cabin. The body was clothed only in underclothes. The skull was crushed and there were several cuts and abraisons on the face and head. Three blows had been struck on the head.

SIGNBOARD AT CAMINO WILL BOOST WOODEN BOX CAMPAIGN

Lumber Workers Mark Completion Of First Year Of Efforts To Increase Payroll In Industry; Appreciation Expressed For Progress Made Possible By Public Support

"BUY MERCHANDISE PACKED IN WOOD."

This will be the message to the public from the county Wooden Box and Lumber Employees' Association, displayed on a large signboard to be erected by the association at Camino.

Erection of the signboard is the first activity of the association in inaugurating the second year of the campaign to boost lumbering payrolls in El Dorado County and throughout the lumbering west, by encouraging the greater use of wooden boxes.

Full plans for the sign were revealed Saturday morning by Hugh Shafer, president of the employees association, who said that the entire message will read, "Buy Merchandise Packed in Wood, Increase Our $1,500,000 Payroll."

The sign is to be erected on the G. D. Petrie property, where it will be seen by county residents as well as by tourist travelers.

Mr. Shafer said the association is gratified at the support given the wooden box campaign during its first year by county residents and hopes to deserve continuing support.

Progress is being shown by the campaign, he declared, and the results show that the people of the county are appreciative of the merits of the campaign as a pay-roll building movement.

"That is the whole story," declared Shafer. "We ship in wooden boxes and the demand for boxes is increased and our lumber workers get more work and earn more money to spend in the community. It benefits the entire community."

Shafer revealed the various ways in which the campaign is being financed in lumbering communities up and down the coast. In some communities money is raised by a series of entertainments. In others the employees work an extra hour per shift and the money goes to the fund and in other places the employees subscribe to a fund for the purpose. This latter method is in effect in El Dorado County.

The association president also had a recent letter from R. G. Duthie, editor of the Wooden Box News, expressing appreciation for the support given the wooden box campaign by this newspaper. Duthie said the material developed in this county is being used in other communities, after being adapted to the peculiar local conditions.

High Court To Meet Monday

Justices Return From Widely Scattered Vacation Haunts; Van Devanter Missing

By RUSSELL TURNER
United Press Staff Correspondent

WASHINGTON (UP)—The Supreme Court, focus of as fierce a political storm as has swept the nation in recent times, assembles Monday in its white marble edifice to open a new term.

Members of the court, scattered across the continent and in Europe for a summer holiday, have returned to inauguarte a new judicial year.

Few outward signs were noted of the political conflict raging about court since President Roosevelt submitted his judicial enlargement plan last February 5. Nor was the furore of the charges concerning the new justice, Hugo L. Black, and his alleged connection with the Ku Klux Klan expected the permeate visibly the solemnity of the court's chamber.

Missing from the bench will be one familiar figure—Justice Willis Van Devanter who retired to the quiet of his Ellicott City, Md., farm after the court's final session last June. He took his place on the bench, January 3, 1910.

Railway Expressman Is Transferred

After twenty-eight years as railway expressman on the line between Placerville and Sacramento, E. W. Peck has been transferred to another route and leaves this week-end to take up his duties on the run between Sacramento and Gerber.

Mr. and Mrs. Peck will make their home in Sacramento at 801 F Street and their home here will be occupied by their daughter and husband, Mr. and Mrs. Ted Arnold.

Under the new schedule, we understand, the expressman on the Placerville line will make his home at Sacramento.

Mr. and Mrs. Fred Spicer planned to leave Saturday to spend a two-week vacation in the southern part of the state.

Birth of a daughter Shirley Annette Heuston to Mr. and Mrs. Emmett R. Heuston of Pacific House, on October 1, was of record Saturday at the office of Recorder Charles Marsh.

Peter F. Morgan III At His Home

The many friends of Peter F. Morgan of Georgetown, were alarmed Saturday morning to hear a report he had suffered "a stroke."

We are happy to report that the rumor is not supported by Dr. A. A. McKinnon, under whose care Mr. Morgan is resting easily at his home.

The doctor says Mr. Morgan is under treatment for "a gastric upset" and we hope to be able to record within a few days that Mr. Morgan is again up and about.

H. E. Dillinger was a Sacramento visitor Friday evening.

Coloma Center Meets Monday

North Side Group Inaugurates October Series In Gathering At Penobscot Schoolhouse

The second of the series of October Farm Center meetings in the country will be held on Monday night at Coloma.

North Side Center started meetings of the month on Friday night with a gathering at the Penobscot school house where representatives of the Soil Conservation Service, headed by Glenn Paxton, showed several reels of motion pictures showing the advantages of carrying out the soil conserving practices which the Soil Conservation Service has adopted.

An addition scenic picture of Canada, supplied by the dominion government, added an interesting bit to the program.

Center business included a discussion of membership enrollment plans and a talk on codling moth control by Carroll Miller. Refreshments followed adjournment.

At the Coloma Center meeting on Monday night and at other county farm center meetings through the month, Mr. Paxton and his associates will repeat their discussion of soil conserving practices and will show the motion pictures demonstrating the advantages of carrying out those practices.

ORANGE LILIES OF ULSTER KILLED BY PLANT DISEASE

BELFAST (UP)—Ulster's Orangemen—staunch Prostestant supporters of the British connection—are worried about a new disease which attacked their emblem, the orange lily, this year. Unless it is brought under control they face the prospect of having to find a new emblem.

The disease is reported to have first made its appearance on July 12, anniversary of the Battle of the Boyne and the occasion of great Orangemen's demonstrations throughout Northern Ireland.

According to horticultural experts, elliptical spots first appear on the leaves, which turn brown rapidly and die. The whole plant then dies prematurely. The Agriculture Research Department of Queen's University, Belfast, said the disease was caused by an organism known as "Botrythis Elliptica."

Ardent Orangemen are energetically experimenting with various types of plant-spraying to ensure defeating the disease before the "Great Twelfth" next year.

Mr. and Mrs. Charles Dorman of Georgetown, are the parents of a daughter born Friday at a Sacramento hospital.

For the sake of the record, shortly after 1 o'clock this afternoon came a brisk rain, the first of the season.

PREVENTION OF FIRE STRESSED

National Observance Shared By City; Clean-Up Of Hazards Urged By City Marshal

The week beginning Sunday, October 3, is National Fire Prevention Week and Placerville will share in the observance with the Volunteer Fire Department leading the way and supported by leading merchants and this newspaper.

While Fire Chief Mark Tetrault reports a total of forty fires in the community during the past year, City Marshal James P. Morton urges upon residents, in observance of the week, the advisability of cleaning up around their homes to the end that fire hazards may be removed before stoves and furnaces are lighted for the winter months.

A full-page advertisement appearing in this issue gives other fire-prevention information with an explanation of how to place a call for the fire department.

Chief Tetrault reports that there have been an average of forty fires in the community for the past several years. These resulted in losses in varying amounts. Most serious fires of the past year were at the Ellis Vennewitz home, the Placerville Bakery and Kelly warehouse, and the St. Francis hotel building.

The fire chief states for the information of property owners that there is a man on duty at night at the fire house, but there is not a man on duty during daylight hours. However, there are members of the department near enough at hand, that some of them can be in the fire house within sixty seconds after an alarm sounds.

The telephone number at the fire house is 299 and the number should not be used for any purpose other than to report a fire.

When a call for number 299 is received at the telephone office, the siren is sounded and, by an electrical arrangement, the doors of the firehouse are opened preparatory to departure of the trucks.

Those who report alarms at night will find that the man on duty will answer promptly.

Those who report fires during daylight hours will find it necessary to hold the wire for a few seconds to wait for the fireman to reach the telephone.

"I think it is a fine thing to celebrate National Fire Prevention week by removing fire hazards." Marshal Morton said. "When such hazards become a public nuisance, their removal can be demanded by the city.

"Unless they are a public nuisance, it is solely a question of whether the property owner wishes to remove them and all of those who are interested in preventing fires will agree that the hazards should be removed.

"Look in the attic, the cellar and about the yards. A fire hazard removed this week may save expensive fire damage."

Continuance In Labor Hearing

Labor Board Will Rule On Whether Packers Are Under Wagner Act

LOS ANGELES (UP)—A hearing into charges of the citrus packing workers' union that the North Whittier Heights Citrus Association violated the Wagner Labor Act was continued until October 29 by the National Labor Relations Board today.

The citrus workers' union charged that 28 men had been dismissed by the North Whittier Association in violation of the Wagner Act. Attorneys for the association claimed, however, that the citrus packing industry did not come under the jurisdiction of the Wagner Act because the work was agricultural, not industrial.

The question of jurisdiction was taken under submission by the examiner.

Harold Buhlman and Jack Vivian spent Saturday in Sacramento.

Mr. and Mrs. Martin Buhlman and son, George, left Saturday morning for San Francisco to spend a few days.

Kansas Youth Slain In Spain Civil War

DODGE CITY, KAN. (UP)—Mr. and Mrs. Ed Henry were informed today that their son, Don, 19, was killed on September 1—the first day he served at the front with the Loyalist army in Spain.

The information was contained in a letter from a friend of young Henry.

Ice Cream Cones Melt In Student Pockets

TOPEKA, (UP) — Two Topeka high school students who took ice cream cones from the school cafeteria and tried to smuggle them out in their trousers' pockets were reformed today.

W. N. Van Slyck, school principal, saw them put the cones in their pockets and try to get by the cashier. He led the two youths to a high desk, made them put their hands on top of it, and stand in that position until all the ice cream had melted and trickled down their legs.

Blue, green and gray, in walls, curtains or furnishings, make a room look cooler. Red, brown and yellow make it look warmer. Light colored woods and furnishings make a room appear larger while dark furnishings make it seem smaller. Wall paper with a large figure seems to dwarf a room, while a small design makes it seem more spacious.

MISSOURI FLAT

Gideon Crumbley was in Missouri Flat for the week-end. He is living at Sacramento.

Ralph Engstrom and Arthur Speegle were recent business visitors at Sacramento.

Miss Helena Dunn was here recently visiting her mother, Mrs. William Dunn. Miss Dunn lives at Marysville.

Miss Ramona Dunn is spending a few weeks with her folks at Missouri Flat.

Mr. and Mrs. Walter Stone are home from Likely, Modoc County, after spending about ten days with Mr. Stone's sister, Mrs. Talbott. They visited Clear Lake and spent some time fishing and resting. Mr. and Mrs. Stone have high praise for the wonderful view along the Feather River highway.

The Missouri Flat sewing club will soon start regular meetings and the first is planned for October 5 at Mrs. Gowdy's residence. Work for the year will be planned and the meeting will also celebrate two birthdays, those of Mrs. C. C. Long and Mrs. Wilson Bryan.

The Wednesday afternoon club will hold their second meeting at the home of Mrs. Juvenal, to remember her birthday. The meeting will be October 6.

There is a good deal of activity here, now that work has started on the new highway alignment. Many people are camped in the vicinity to be near their work. And the dust!?!

Rotenone dust has been highly successful in control of pea weevil in Washington and Oregon.

The Livestock Show at Tucson, Ariz., next February will be open only to Arizona cattle.

COOL

The first meeting of the season of the Northside Farm Center will be held Friday evening, Oct. 1st, at Penobscot school. Carroll Miller will report on the codling moth research project which he has carried on in orchards throughout the county for the past six months. Several reels of motion pictures will be shown and the year's program discussed.

At the regular meeting of the Study Club Thursday afternoon, parts were assigned and rehearsals scheduled for the annual play night which will be held early in November.

Bobbie Jay Brady and Jean Haslam celebrated their joint birthdays last Saturday afternoon with a party at the Haslam home. Beside Mrs. Brady and their respective teachers, the young hostesses had as guests, Lois Nickerson, Doris Nance, Beulah Sanders, Ethamae Brady, Lynn Haslam, Jack and Bobby Heacock.

Miss Addie Orr, daughter of Mr. and Mrs. Clyde Orr, became the bride of Vernon Marriott at a ceremony performed Friday evening at the Auburn Baptist Church. The bride was attended by Miss Ann Tillotson while the groom's brother served as best man. The young couple will make their home in Auburn.

Berton Threlkel and his cousin, Newell Smith, of Long Valley, left Sunday for Sierra County to hunt deer. They expect to be gone a week or more, unless they bag the limit before that time.

Skating every night is the new feature of the Sierra View Hall here.

Mrs. Howard Ronsheimer, president, and Mrs. Everett Haslam, secretary, represented the Cool Study Club at the Tri-County Federation board meeting held Monday afternoon at the Rocklin Women's Club.

CATHOLIC CHURCH

Mass is celebrated in St. Patrick's church on the first Sunday in each month at 8 o'clock and at 10 o'clock. Mass on the other Sundays at 9 o'clock.

Mr. and Mrs. Roland Martin and friends, Mr. and Mrs. Thomas, of the Tumble Inn, are planning to leave today or tomorrow on a two-week trip to visit relatives of Mrs. Thomas in Kentucky.

LOTUS

Autumn began last Thursday and the weather has changed to somewhat cooler. Soon now the leaves will be dropping from the trees. September is gone and no rains have fallen. A year ago this September no rains fell during the month and our first frost for 1936 was October 26 and our first rain October 30th. Weather conditions indicate that we may get a good shower to settle the dust within the coming month.

Dudley Stevenson and one of his friends came over from Oroville Saturday and left Sunday morning for Desolation Valley and other places in the mountains where the two young men will take a week vacation, fishing and roaming the mountain ranges. Dud has been employed part of the summer on the Sam Winuji place and as the fruit season is almost over he has decided to take a week's rest. His brother, Jerry, who worked at the large fruit house in Placerville the past few months, has returned home as his work is finished.

Terry Ahlstrom, who has been caretaker for Dudley Freeland's property near here for the past year, resigned Monday last and is now staying in one of Jim Keane's cabins north of here for a few weeks, after which he intends to go up on the Feather River for a while and then return to his old home in San Diego. Terry has been a resident of Lotus and vicinity for the past two years.

Jim Turnebaugh came over from Placerville last Thursday afternoon and spent a few hours calling on his friends and looking over his birthplace and old home. Some six months have passed since Jim was a Lotus caller.

Henry Bacchi, prominent stockman, came down from his summer range at Peavine last Wednesday and called on his friends here and attended to some business matters.

Ernest Herzig and Bert Marchini, two of our young men, left here Monday for the State of Washington where they intend to engage in picking apples for a few months. Herzig has worked in the P. F. G. A. plant during the summer while Bert has been driving truck all summer hauling fruit from his father's ranch to the large fruit house in Placerville.

Gerald Rasmusson and wife and his mother, Mrs. Mary Rasmusson, drove over from their Placerville home Sunday eve and spent a short time talking to his Uncle Charlie.

Constable Charlie Hines had an auction sale at his residence Wednesday last, selling a washing machine and a small radio which was under an attachment by the Rumsey Co. of Sacramento. The crowd was rather lacking in bidders and the Rumsey Co. took the washer and radio back to Sacramento.

Mr. and Mrs. Lester Newton and daughter, Norma, who have been residents of our town for the past two and a half years, left us Saturday morning for Lomita, some distance below Los Angeles, where they will reside in the future. The Newtons have made many warm friends while residents here, all of whom regret their leaving. We all wish them much success and happiness in their new home.

Word has just reached us of the birth of a son at the Placerville Sanatorium on Saturday last to Mr. and Mrs. Byron Bacchi. Mother and babe are doing nicely and we wish to congratulate Byron and his wife as well as the young son's grandpa and grandma, Mr. and Mrs. Henry Bacchi.

Those who came up from Sacramento and spent the week-end on Honey Moon hill were Al McKenny and wife and son Elwin, Walter Stahlman and wife, Ballard Stahlman, Mr. Stilwell, father of Mrs. Walter Stahlman and Miss Barbara Marsh of Davis. All returned to their homes late Sunday evening.

CAMINO

Mr. and Mrs. Jack Barkley transacted business in Sacramento, Thursday.

Mrs. Frank Lamm, Mrs. E. Ybright and Mrs. Jane Barkley were among the prize winners at the card party given by the Eagles in Placerville, Friday night.

The Camino Boy Scouts enjoyed an outdoor supper and meeting at the residence of Mr. Hook, Thursday evening.

Mr. and Mrs. Orr, Mr. and Mrs. Hart, Mr. and Mrs. Shurb of Pino Grande, spent the week-end in Camino.

Mrs. Elmer Bicking was hostess at the Bridge Club Thursday and awarded the prizes to Mrs. H. Meyers, Mrs. J. Gardella and Mrs. Walthen.

Mr. and Mrs. Wade Pirtle and son, Donald, were Sacramento visitors, Saturday.

Mr. and Mrs. Ernest Carsten and son, returned from Del Monte Sunday evening after attending a trap shooting contest where the Carstens won honors.

Mrs. Hooper, Mrs. Bicking and Mrs. Frank Lamm were visitors in Placerville, Monday evening.

Bob Barrett was one of the lucky hunters over the week-end.

Mrs. Paul Savage spent several days in Sacramento this week.

Donald Metcalf delivered a truck load of box shook at Lodi, Monday.

Little Al Griggs shot his first deer over the week-end and is envied by all his schoolmates.

Mr. and Mrs. Hacker of Sacramento, visited their daughter, Mrs. Jack Williams and family, Tuesday.

The pupils of the Camino grammar school received the largest number of prizes for exhibits at the state fair this year they have ever received. The following Camino pupils received two dollars each for first prizes: Barbara Hook, weaving; Nellie Crosby, stuffed toy; Geneva Ross, quilt; Arthur Williams, coping saw work.

Miss Crocker, Mrs. Witmer, and Mrs. Pierroz enjoyed the "Welcome to Teachers" at the Federated church, Wednesday evening.

Pupils attending the Camino school at this time total 99.

Mr. and Mrs. Jerry Potts and son, spent the week-end at Euer Valley with Mrs. Pott's uncle, Mr. A. Sayles.

Miss Barnhouse conducted the Federated church services Sunday afternoon at the little hall. Everyone is invited to attend these weekly services at 3:00 o'clock following Sunday school.

Mr. and Mrs. Lloyd Matlock spent the week-end at Weed.

Mr. and Mrs. Fred Steussy and son, John of Sacramento, visited at the Davenport home Saturday and Sunday.

Mr. and Mrs. J. Crosland of Allegheny came to visit their son, Jack. Mr. Crosland returned on Sunday but Mrs. Crosland will remain for a week.

Mr. and Mrs. Charles Bovy and Mr. and Mrs. Charles Hornbeck of Sacramento, visited at the Brown home on Sunday.

Mrs. James Wood of Pine Box is visiting her mother, Mrs. Ethel Palmer.

Mr. J. Corker of Pino Grande is here surveying for more new buildings.

Mr. and Mrs. C. Walker of Fullerton, are here visiting friends. Mrs. Walker formerly taught in the El Dorado County high school and will be remembered by everyone.

Mrs. Horace Dixon and son returned to their home in Sacramento with Mr. Dixon, Sunday.

Mr. and Mrs. Harold Thompson of Stockton spent the week-end with Mr. and Mrs. Henry Ross at the Cable. Mr. Thompson shot a four pointer on a hunting trip.

Mrs. J. Barkley, Mrs. Allan Potts, Mrs. J. Nyberg, Mrs. Jerry Potts, Mrs. E. Ybright, Mrs. E. A. Hamilton, Mrs. Frank Lamm, Mrs. E. Kimble and Mrs. Donald Hamilton were among the people attending the cooking school from Camino. Mrs. Ybright and Mrs. Jane Barkley were among the prize winners. We noticed that the Sperry Flour Warehouse used a wooden box for the collection of their coupons. Everyone enjoyed this cooking demonstration held at the Placerville theatre and are looking forward to more in the future.

Mr. and Mrs. William Voiles are spending a few days at their home in Oakland this week.

Prosperity lies in Wooden Boxes.

Copeland Sees Need For New Political Party

WASHINGTON, (UP)—Sen. Royal S. Copeland, D., N. Y., critic of many administration policies, asserted today that New Deal success in the 1940 election is "inevitable" and the only possibility to defeat is by formation of a new party.

Fred Blohm grew the cotton for Arizona's first 1937 bale.

(Clip This—Place It Near Your Telephone)

How To Report A Fire

1. Telephone 299, the Firehouse, or say to the Operator
2. "I WISH TO REPORT A FIRE"
3. MOST IMPORTANT: Hold the line until you have given the LOCATION OF THE FIRE to the fireman at the Firehouse or to the Operator.
4. Give location of fire distinctly and correctly. (This is very important).

N. B. During the day no fireman on duty at the firehouse. At night there is a man on duty. The same second you report a fire or call 299, the operator blows the siren. One of the firemen immediately goes to phone at the firehouse and answers to get the location. YOU SHOULD GIVE THIS INFORMATION TO THIS FIREMAN, DIRECT.

Fire Strikes Without Warning

(A Message from the Placerville Fire Department)

Fire Strikes Without Warning — anytime — anyplace. The safety of your own home may depend upon the precautions of your next door neighbor. A moment of your own carelessness — a cigarette in the waste basket, a short circuit — may imperil the lives of members of your family and sweep away the investment of a lifetime.

Placerville citizens, individually pay for every fire in Placerville through the loss in time, investments, materials and effort caused by fire. Better cooperation by citizens helps materially to reduce fire insurance rates.

We as members of the Placerville Fire Department, are Volunteer workers, receiving no compensation for our services—but we are not complaining—we do this knowingly and willingly, realizing it as a part of our civic duty. ALL WE ASK IS COOPERATION FROM THE CITIZENS OF PLACERVILLE. Cooperation to the extent of proper fire prevention — proper reporting of a fire. Learn th importance of your part during Fire Prevention Week. Check up on yourself to see THAT YOU are taking adequate care and precaution—that Fire Hazards have been removed from your property. If all will do this—cooperate to this extent — Placerville will have done her share in National Fire Prevention Week.

How To Prevent A Fire

Burn trash and rubbish in an incinerator.

Watch all such burning closely.

Don't smoke when feeling drowsy or sleepy.

Beware of explosives, cleaning fluids in home cleaning.

Have electric wiring inspected regularly.

Don't disconnect electric equipment by pulling on cord

Keep matches and fire beyond the reach of children.

Keep chimneys and heating system clean and in perfect working condition.

Don't let oily rags or dry waste accumulate in piles or in corners.

Always be sure a burning match or cigarette is out before dropping it.
